Rosen Yordanov

Front-End Web Developer

As a former marine engineer turned web developer, I bring a unique combination of technical expertise and problem-solving skills to the table. With a passion for creating web applications and websites that help people.I have a proven ability to work well in a team and to deliver high-quality work on time. I am currently working with WordPress at a fine digital agency in the UK, and I am ready to bring my skills and experience to your next project. Let's work together to create something amazing!
